

Yasser Abdalla

Jop titile : Frontend Developer (React)

Address: Elzaher,cairo

Phone : +201115782802

Email: yasserelsadek03@gmail.com

Linkedl:[linkedin.com/in/yasser-abdalla-a12113161](https://www.linkedin.com/in/yasser-abdalla-a12113161)

Objective

To contribute to the success of Innovitics by leveraging my expertise in React.js to develop and build advanced applications. I aim to own medium-to-large features from technical design through completion, proactively improve workflows through automation and reusable components, and mentor team members to enhance overall team performance. My goal is to ensure code reliability and optimization, participate in code reviews, and support the growth of the development team while fostering a collaborative and innovative environment.

EXPERIENCE

Freelance, MERN STACK Developer

Oct 2023- PRESENT

- Developed a mid-level platform for selling, surveys, and offers using Next.js, Express.js, MongoDB, Styled-components, and Tailwind.
- Optimized web design for various platforms ensuring maximum speed and responsiveness.

Wxora, Internship— MERN STACK Developer

Aug 2023 - Sep 2023

- Produced an E-commerce by Next js, Express.js, MongoDB, Styled-components

Projects

 Offer and survey platform With adspiritmedia	Produced an offers and survey platform by Next js. The link: https://project4-black.vercel.app/10000/yasser
